The Monerable Hobert S. Kchange Secretary of Defense The Pentagon Weshington, D. C.

Bear Bon:

25X1B

I have your letter arking for USIB concurrence in the which your people have computed I row the weapone in the MIPP table. It seems to me, however, that this is not a matter on which the USIB can make a usuful contribution. The question is not really one of intelligence, but of operations analysis. I would think it appropriate, therefore, that we leave this sort of calculation to your experts.

As for the minor corrections to the table, mentioned in your letter, I see no problem, and will inform the UBIE members that these have been made.

Sincerely,

/s/ Richard Helms
